Bryant College Service Club,

Gentlemen:

I sincerely regret not having written to thank you for the packages sent to me by your Service Club. It was very careless but not intentional.

Such thoughtfulness on the part of folks back home brings much cheer and happiness to men in the service. While your packages came to me, fellow officers living with me shared the benefits and helped me empty them.

At present I am Supply Officer with the 85th College Training Detachment (Aircraft) at the University, Wichita, Kansas and like it very much. I must add that my

did much to enable me to get  
into the service from civilian life  
as an officer. And it has helped  
immeasurably since I joined the  
Air Force.

Again, many thanks for your  
thoughtfulness

Yours truly  
Lt. John J. Doran
